Dear Harold,

Here is my check for Post Mortem. I'm still puzzled about James Earl Ray. According to news reports here, he fired Fensterwald as his attorney. If he still has Jim, does that mean Jim is no longer working with Bud? I noticed Jim was not listed on Bud's Committee's letterhead, (but then he dropped me too).

I'm confused & any clues as to what is going on would be helpful.

Best —

Hal
